About

Alison Moyet's pop singing career has spanned nearly twenty five years during which time she's formed and fronted the 1980s seminal pop duo Yazoo, launched a chart topping solo career, won two Brit Awards, performed at Live Aid, toured nationally and internationally, starred in the West End productions of 'Chicago' and 'Smaller' and been nominated for a Grammy Award.

Her most recent Top 10 album, 'Voice', released to great acclaim in September 2004, was produced by Academy Award winner Anne Dudley, and quickly earned gold status in the UK eventually selling over a quarter of a million copies.

As a headlining act, Alison Moyet is available for both corporate and private engagements.
