About

Britain's original Abba Tribute Act show features all of their 17 top-ten hits. Abba Magic authentically revives a musical phenomenon that, partly thanks to the success of film-of-the-West End musical Mamma Mia! is still as popular today as it was during Abba's heyday.

Abba Magic takes their audience on a musical journey from ABBA's earliest day's right up to when they disbanded. They have appeared on various television channels and regularly perform to packed out venues.

Dazzling dance routines and authentic glittering costumes combined with flawless vocals guarantee Abba Magic's place as the world's number one Abba Tribute Band.
