About

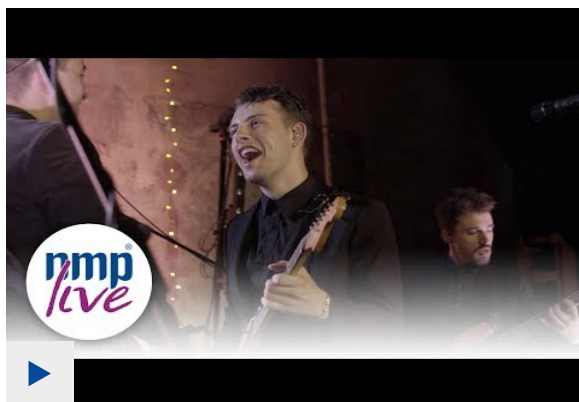

Bursting at the seams with talent and energy, Echoes raise the roof with a non-stop set of slamming party hits, from pop & soul to huge rock anthems. With a multi-instrumentalist, multi-vocalist line-up enhanced in sonic depth by specially produced studio tracks, this quartet packs all the punch of a band many times their size. And unlike almost any band on the scene, they add to this a powerful chemistry that can only come from a group who love each other's company offstage as much as on!

Slick, sharp, suited & booted, the boys will work your crowd to a frenzy on every show - guaranteed.

Echoes love to cover every element of your evening, from a roaming dinner or reception set to a pumping DJ finale to round off your evening after the main live show.

Echoes musicians have toured with some of the biggest pop acts in the world, lighting up stages including Glastonbury, Lovebox and V Festival with live performances on the X Factor, Radio 1 Live Lounge and many more.
