About

Dual Freestyle are Daniel and Mark, two of the UK's finest Professional Football Free-stylers.

Daniel has been working as a professional football free-styler for over five years. His skills are world renowned and he is a five-time Guinness World Record Holder. His skills have taken him to over 20 countries and allowed him to work alongside some of the world's biggest brands. Daniel has the ability to not only to perform impressive skills, but to use them in providing entertainment that can be enjoyed by a wide audience.

Daniel has performed at all manner of events from school assemblies for children with learning disabilities, to large corporate events and incorporating brands, to performing for inmates at a high security prison in South Africa.

Having been highly successful and sought-after as solo free-stylers, Daniel Cutting and Mark Harlow decided they wanted to push themselves further and create something fresh and new; both seeing a unique opportunity and gap in the market to turn football freestyle into real entertainment.

Since coming together as Dual Freestyle in 2011, they have entertained and captivated audiences around the world with their unique and finely honed skills. Having two football freestylers performing skills in synchronisation and interacting with one another creates a dynamic and entertaining spectacle. Dual Freestyle possess an amazing ability to interact and engage with the crowd too, getting volunteers involved to do trick challenges and even teaching skills; making them the perfect entertainers for your next event.

Testimonials

Daniel and Mark's performance (as Dual Freestyle) was the perfect way to begin our event. They were lively, creative and very professional in the way they conducted themselves when interacting and engaging with people! We will definitely book them again next year!

Susi Roberts, Managing Director

I have worked with Daniel and Mark at a number of corporate events where they were employed to help our company get attention in a sea of passerby's. I'll tell you what - having professional Football Freestylers on staff surely did the trick! Having Dual Freestyle on our team was truly our best Marketing plan ever. Not only sre they excellent at their football tricks, but are also good at talking to people, pitching the company line and encouraging attendees to stop by and have a conversation. We have now flown them to Barcelona, New Orleans, Boston and Singapore and can confidently say that they are reliable, professional and excellent at their trade. I would not hesitate to recommend them to anybody who was considering hiring them. They truly are pro's.

Cory Boiler, Global Marketing Manager

It was a pleasure to have Dual Freestyle come to our School. The children were thoroughly entertained during their shows, and learnt loads of skills through the workshops. I would recommend Dual Freestyle to any school, and know all the children went home to show off their new talents
